

**SDS, Safety Data Sheet**  
**RAW PreSpray, LLC**  
**Ur-OUT**  
**SDS Date: November 19, 2018**

**Section 1: Identification**

**Product Name:** Ur-OUT  
**Revision Date:** 10/14/2020

Manufacturer/Distributor  
RAW PreSpray, LLC  
400 Detroit St.  
La Porte, IN 46350

Contact: RAW PreSpray, LLC  
Phone: 615-669-4211  
Email: [RAWPrespray@Gmail.com](mailto:RAWPrespray@Gmail.com)  
Website: [www.UrOUTOdor.com](http://www.UrOUTOdor.com)

**Emergency Contact Information:** 615-424-0757

**Section 2: Hazard(s) Identification**

**NFPA Hazard Classification:**

Health: 2  
Fire Hazard: 0  
Reactivity: 0

**HMIS III rating:**

Health: 2  
Fire: 0  
Physical Hazard: 0

**GHS Classifications:**

Eye Damage: Category 1

**GHS Hazard Statement, Warning:**

H318: Eye Damage – Category 1, Hazard Statement H318

**GHS Preventive Precautionary Statements:**

P264: Wash the body parts to be washed after handling.  
P280: Wash thoroughly after handling/wear protective gloves, eye, face protection

**GHS Responsive Precautionary Statements:**

- P301+P310 IF SWALLOWED: Immediately call a POISON CENTER or doctor /physician.
- P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P337 + P313: If eye irritation persists, consult a physician.

**GHS Pictograms:**

GHS05

**Hazard Statement:** Causes serious eye damage

**Signal Word:** Danger

**Other Hazards:** No additional information available

**3. Product Composition**

CAS Number	% by Weight	Chemical Name
68515-73-1	1-5*	Alkylpolyglycoside
No Data	<1%	Viable Bacterial Mixture
5989-27-5	1-5*	d-Limonene

\*Exact ingredient percentages of Ur-OUT are proprietary trade secret of RAW PreSpray, LLC.

**4. First-Aid Measures**

**Seek immediate medical care if improperly exposed to via eye contact, ingestion, skin contact or inhalation.**

**Route(s) of Entry:** Inhalation; skin, eye, ingestion

**Eye Contact:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Flush eye and eye lids with clean water for 20 minutes while gently lifting both upper and lower eye lids for better removal. Seek immediate medical attention.

**Ingestion:** If swallowed, rinse mouth with water (only if the person is conscious). Do NOT induce vomiting. Do not use mouth-to-mouth if victim ingested the substance. Obtain medical attention immediately if ingested.

**Skin Contact:** Product may cause skin irritation with frequent skin contact: redness, stinging, swelling. Wash exposed areas of skin with plenty of soap and water. Seek medical attention if irritation persists.

**Inhalation:** Move exposed person to fresh air immediately. Seek immediate medical attention if symptoms persist. In case of difficulty breathing, use oxygen breathing assistance.

## 5. Fire-Fighting Measures

**Extinguishing Media:** All extinguishing media allowed.

**Personal Protection:** Wear skin, eye and respiratory protection when extinguishing fire on or near product.

## 6. Accidental Release Measures

**Protective equipment:** Protective goggles, gloves, protective clothing.

**Caution:** High risk of slipping. Take caution.

**Wet Release:** Wear skin and eye protection while being cautious on a slippery floor: Contain material by blockage and squeegee product to central location for disposal by local codes. Keep away from natural water sources or sewer drains. Ventilate area and wash flooring with soap and water after clean-up.

## 7. Handling and Storage

**Precautions for Safe Handling:** Avoid skin, eye and respiratory contact. Handle product with care. Use regular hygiene after handling: wash hands with soap and water.

**Precautions for Safe Storage:** Store product in sealed container out of the reach of children. Keep in a cool, dry and well ventilated area. Keep away from excessive heat and adverse weather conditions.

## 8. Exposure Controls/Personal Protection

**Control Parameters:** None known.

**Engineering Controls:** Ventilation in a residential setting is sufficient when used as instructed.

**Personal Protective Equipment:** Hazardous Material identification System (HMIS): HMIS, PP,B (Personal Protection, wear and impermeable gloves and eye protection or goggles)

## 9. Physical and Chemical Properties

**Physical state:** Liquid

**Appearance:** Milky white liquid

**Odor:** Citrus scent

**pH:** 5 to 6 pH

**Solubility:** Soluble

Chemical properties not available or irrelevant to listed chemicals: Upper/lower flammability, vapor pressure, odor threshold, vapor density, relative density, melting/freezing point, boiling point, flash point, evaporation rate, partition coefficient, auto-ignition temperature, decomposition temperature viscosity.

## 10. Stability and Reactivity

**Reactivity:** No hazardous reactions if handled and stored as instructed.

**Chemical Stability:** Stable when handled and used as instructed.

**Chemical Incompatibility:** N/A

**Hazardous Polymerization:** Will not occur.

**Instability Conditions:** None known

**Hazardous Decomposition:** No hazardous decomposition products handled and stored as instructed.

Product and product packaging may release CO, CO<sub>2</sub> and other unknown thermal byproducts when exposed to open flame.

## 11. Toxicological Information

Product contains less than 5% of products listed below.

**d-Limonene CAS#: 94266-27-4**

**Acute oral toxicity: LD50:** 5,300 mg/kg

**Acute inhalation toxicity: LC50, Mouse:** 67,500 mg/m<sup>3</sup>

**Acute dermal toxicity: LD50, Rabbit:** >5,000 mg/kg

**Skin irritation:** Causes skin irritation

**Eye irritation:** May cause eye irritation

**Sensitization:** Can cause allergic reaction and sensitization; may cause allergic respiratory reaction

**Decyl Glucoside, CAS# 68515-73-1**

**Oral:** LD50: > 5,000 mg/kg (OECD Guideline 401)

**Inhalation:** No data available

**Skin Irritation:** May cause severe irritation to the eyes. Not irritating to the skin.

**Eye:** Species: rabbit. Result: Risk of serious damage to eyes. Method: OECD Guideline 405

**Acute toxicity:** Assessment of acute toxicity: Virtually nontoxic after a single skin contact.

**Ingestion:** Causes irritation to the gastrointestinal tract.

**Eye Contact:** Highly irritating to the eyes, will cause tearing, stinging, blurred vision and redness.

**Skin Contact:** Causes irritation to skin. Symptoms include redness, itching and pain.

**Inhalation:** No data available

## 12. Ecological Information

Pertaining to current, available information, no adverse environmental effects are caused by use of product when used and disposed of as instructed.

## 13. Disposal Considerations

Dispose of in accordance with national, state and local regulations.

## 14. Transport Information

Ship as specified by 49 CFR parts 100-185. Non-hazardous transportation: Air, sea, road freight.

## **15. Regulatory Information**

**TSCA Status:** On TSCA Inventory

**California Proposition 65:** N/A

## **16. Other Information**

All information in this Safety Data Sheet (SDS) has been obtained from Safety Data Sheets composed by originating material manufacturers. All information herein is believed to be accurate; however, RAW PreSpray, LLC makes no guarantee as to complete content accuracy. Users of Ur-OUT are responsible for ensuring data is accurate to their particular usage. Users of Ur-OUT are fully responsible for risks associated with product use including but not limited to shipping, handling, storage, disposal, clean up.
