

SDS, Safety Data Sheet
RAW PreSpray, LLC
All-Spray
SDS Date: January 1, 2020

Section 1: Identification

Product Name: All-Spray
Revision Date: None

Manufacturer/Distributor

RAW PreSpray, LLC
400 Detroit St
La Porte, IN 46350

Contact: RAW PreSpray, LLC

Phone: 615-669-4211

Email: RAWPreSpray@Gmail.com

Website: www.UrOUTodor.com

Emergency Contact Information: 615-424-0757

Section 2: Hazard(s) Identification

All-Spray is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Label Elements

Hazard statements: All-Spray contains no substances that are considered to be health hazards.

NFPA Hazard Classification:

Health: 1

Fire Hazard: 0

Reactivity: 0

HMIS III rating:

Health: 1

Fire: 0

Physical Hazard: 0

GHS Classifications:

- Health:** Acute toxicity, 5 Oral
- Health:** Skin corrosion/irritation, 3
- Health:** Eye Damage/Eye Irritation, 2B

GHS Hazard Statement, Warning:

- H303:** May be harmful if swallowed
- H316:** Causes mild skin irritation
- H320:** Causes eye irritation

GHS Preventive Precautionary Statements:

- P102:** Keep out of reach of children
- P103:** Read label before use
- P280:** Wash thoroughly after handling/wear protective gloves, eye, face protection

GHS Responsive Precautionary Statements:

- P305 + P351 + P338:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P312:** Call a POISON CENTER or doctor/physician if you feel unwell.

Hazards not otherwise classified:

No other dangers under normal storage, use and handling.

3. Product Composition

CAS Number	Percentage	Chemical Name
*	*	*

*All-Spray does not contain ingredients classified as health hazards.

4. First-Aid Measures

Seek immediate medical care if improperly exposed to via eye contact, ingestion, skin contact or inhalation.

Eye Contact: Flush eye and eye lids with clean water for 15 minutes while gently lifting both upper and lower eye lids for better removal. Seek immediate medical attention.

Ingestion: If swallowed DO NOT induce vomiting unless advised to do so by a physician or qualified medical personnel. Have person drink plenty of water or milk. Seek immediate medical attention.

Skin Contact: Wash exposed areas of skin with plenty of soap and water. Seek medical attention if irritation persists.

Inhalation: Move exposed person to fresh air immediately. Seek immediate medical attention if symptoms persist.

5. Fire-Fighting Measures

Flash Point: N/A

Special Protective Equipment for fire-fighters: Wear skin, eye and respiratory protection when extinguishing fire on or near product. Extinguish fire using any standard method most appropriate to surrounding environment.

Special hazards arising from the chemical: May emit toxic fumes under fire conditions.

Special protective equipment for fire-fighters: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

6. Accidental Release Measures

Caution: High risk of slipping if spilled product is wet.

Wet Release: Wear skin and eye protection while being caution on a slippery floor: Contain material by blockage and squeegee product to central location for disposal by local codes. Keep away from natural water sources or drains. Ventilate area and wash flooring after clean-up.

Dry Release: Wear eye, skin and respiratory protection: Contain material by blocking or broom to central location then bag and dispose of as required by local codes.

7. Handling and Storage

Precautions for Safe Handling: Avoid skin, eye and respiratory contact. Handle product with care. Use regular hygiene after handling: wash hands with soap and water.

Precautions for Safe Storage: Store product in sealed container out of the reach of children. Keep in a cool, dry and well ventilated area. Keep away from excessive heat and humidity.

8. Exposure Controls/Personal Protection

OSHA Permission Exposure Limits: No occupational exposure limits known.

Engineering Controls: Ventilation in a residential setting is sufficient when used as instructed.

Personal Protective Equipment: Hazardous Material identification System (HMIS): HMIS, PP,B (Personal Protection, wear and impermeable gloves and eye protection or goggles)

9. Physical and Chemical Properties

Form: Medium dense powder

Color: White

Odor: None

pH: 8 to 9 pH at 1% solution at room temperature

Solubility: Soluble

Chemical properties not available or irrelevant to listed chemicals: Upper/lower flammability, vapor pressure, odor threshold, vapor density, relative density, melting/freezing point, boiling point, flash point, evaporation rate, partition coefficient, auto-ignition temperature, decomposition temperature viscosity.

10. Stability and Reactivity

Chemical Stability: Product is stable under normal storage and handling instructions. The product is chemically stable.

Reactivity: No hazardous reactions if handled and stored as instructed.

Chemical Incompatibility: Strong acids, strong bases, strong oxidizing agents, reactive chemicals

Hazardous Polymerization: Will not occur.

Conditions to Avoid: None known

Hazardous Decomposition: No hazardous decomposition products handled and stored as instructed. Product and product packaging may release carbon oxides and unknown thermal byproducts when exposed to open flame.

11. Toxicological Information

Toxicological and health effects information for All-Spray is not fully available and is estimated based on the main non-hazardous composition of All-Spray's ingredients.

All-Spray Powder

Oral LD50: 3099 mg/kg (mouse)

Dermal LD50: > 4640 mg/kg (rat)

Inhalation: (LC50 >.039 mg/L

Skin corrosion/irritation: Not irritant

Serious eye damage/irritation: Slight irritant

Respiratory or skin sensitization: No information available

12. Ecological Information

Pertaining to current, available information, no adverse environmental effects are caused by use of product when used and disposed of as instructed to local codes' specifications.

13. Disposal Considerations

Dispose of product as prescribed by local codes and regulations.

14. Transport Information

Ship as specified by 49 CFR parts 100-185. Non-hazardous transportation: Air, sea, road, freight.

15. Regulatory Information

California Proposition 65: All-Spray does not contain any Proposition 65 chemicals.

16. Other Information

All information in this Safety Data Sheet (SDS) has been obtained from Safety Data Sheets composed by originating material manufacturers. All information herein is believed to be accurate; however, RAW PreSpray, LLC makes no guarantee as to complete content accuracy. Users of All-Spray are responsible for ensuring data is accurate to their particular usage. Users of All-Spray are fully responsible for risks associated with product use including but not limited to shipping, handling, storage, disposal, clean up.
